

Every Name Index to Henry County, Tennessee Wills and Administrations, Volumes A-H, 1822-1866

This index was created from Henry County Will Books, Volumes A to H on microfilm located in the W. O. Inman Genealogy Room in Paris, Tennessee. This index covers the years between 1822 and 1866, contains 7,877 names and is perfect if your ancestors left Henry County before 1866.

Included are names of the deceased/testator, anyone with the same surname, guardians, executors, administrators and witnesses to the document. Many with a different surname are included because their relationship to the testator is indicated. A "must" when trying to determine if your ancestor was included in local wills.

(m) Indicates male, (f) female and (B) black. The year shown is the date of the earliest court document in the file and may/may not be the year of Death. An individual, listed more than once with the same date, appears in multipledocuments.

Copies of the actual documents may be purchased from the Archives for a nominal fee. If interested in copies please submit an email to henrycountyarchive@gmail.com.

A hard copy of this index may be purchased from the Archive for \$20.00. The hard copy, in addition to just the Names and years (as is online) also includes the actual file numbers used to find the record on the microfilm.
